

# PRIF - Community of Practice

## Building Back Better for Sustainable Resilient Recovery

Leveni Aho

Implementation Support Specialist, PREP, MEIDCC, Tonga,  
June 2022

# Context

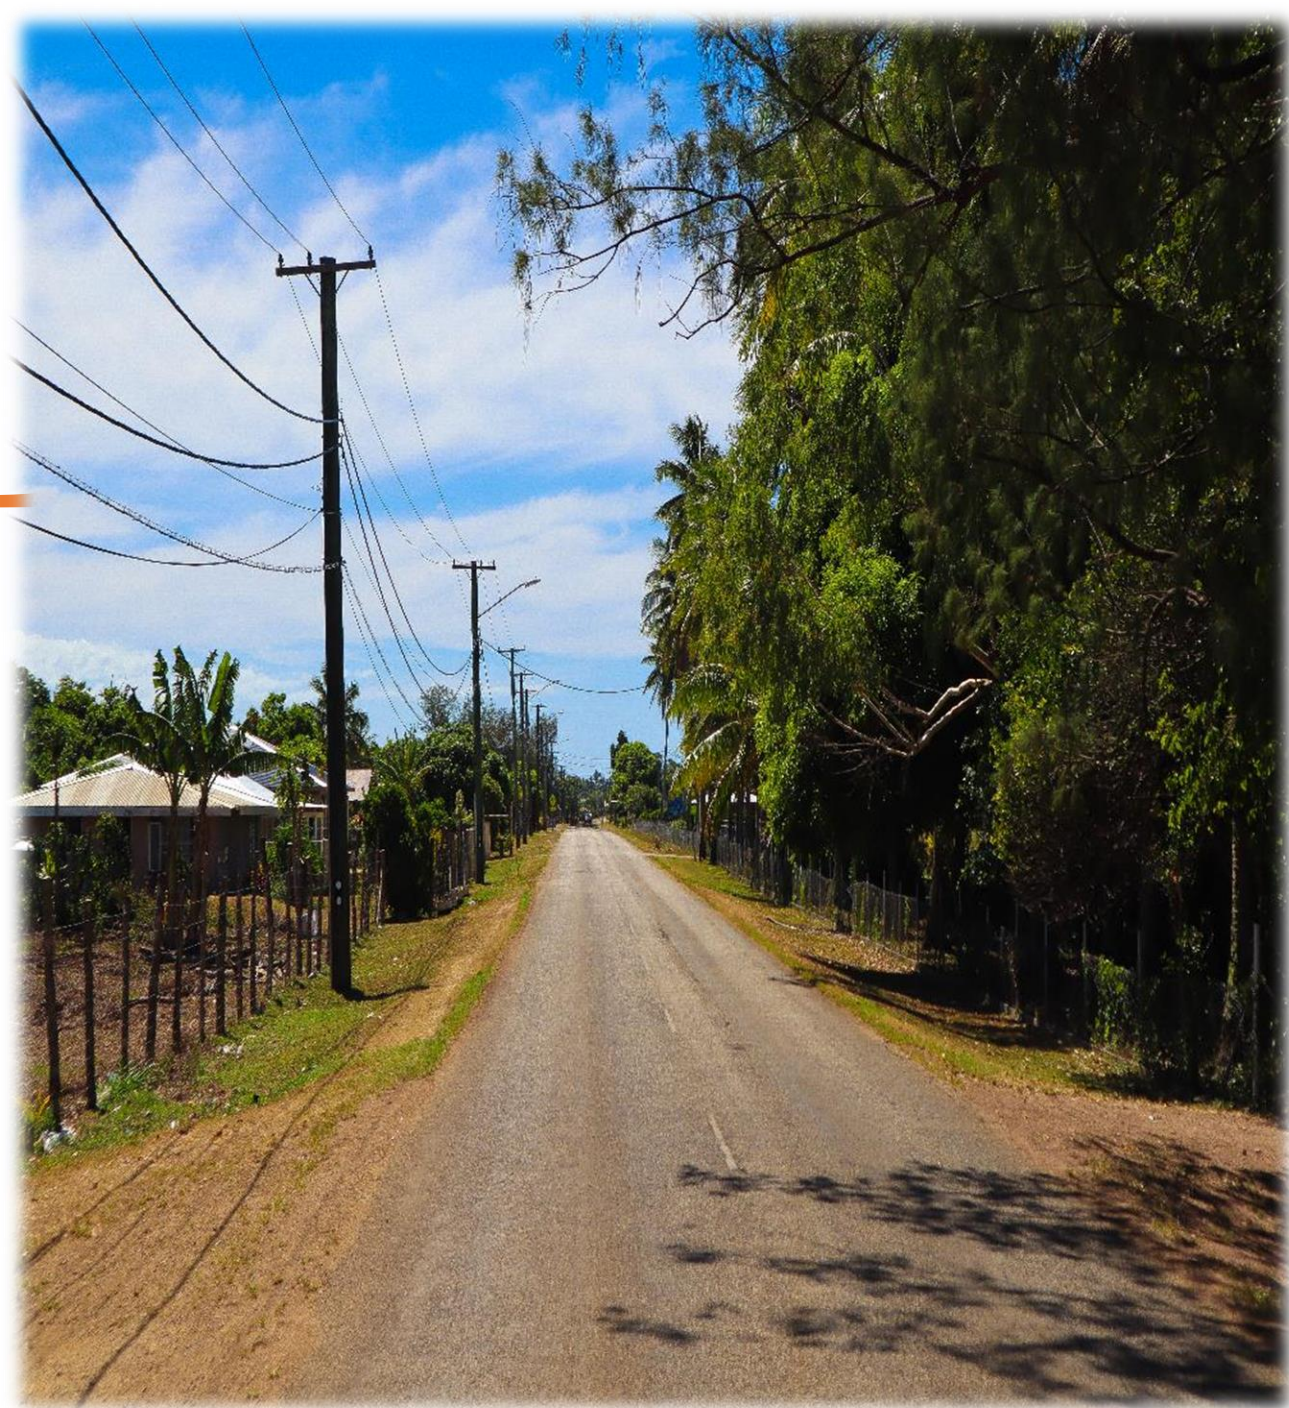

## Practice in Remote Islands

- Overloaded
- Working on areas outside your comfort zone
- Relying on Standards and Specifications that are not readily available
- No support within the local industries

## Current Workload

- Always more work available
- Small number of Technically Qualified Individuals and experience professionals

# Challenges

- Retaining Qualified Professionals
- Bridging the remuneration gap
- Recognition

# Solutions

- Training both short term and long term
- Establishment of regional and perhaps national institutions as a body to support ongoing professional development.

**Malo aupito  
Thankyou**
